

NEW RENAULT TRAFIC

DRIVE THE CHANGE

FOR 113 YEARS, WE HAVE BEEN SHARING THE VISION THAT TO SUIT ITS ERA THE CAR MUST ALWAYS BE AN ADVANCE, A RESPONSIBLE COMMITMENT, A SOURCE OF ENTHUSIASM AND SUSTAINABLE MOBILITY FOR ALL.

Our relationship with drivers and their passengers is built around a simple idea: to be popular, a car must be practical, reliable and suited to everyone's lifestyle and expectations. This is why Renault offers **models that suit everybody, "cars for living", accessible to all**. From the first models standardised in France before the war to the imminent launch of the first range of electric vehicles, **it has always been our desire to make cars more accessible and to generalise mobility**.

Today, we are convinced that **another world is possible**. A world where the car will no longer be a threat to the environment and bring together **mobility, safety and quality for all**. We share this dream every day as we never forget that **passion for the car** is, and always will be, our greatest driving force. We want to give new meaning to the car, so that it can occupy a new place, more suitable to the challenges of society and always be an advance for man. The Renault vehicles of today and tomorrow are the foundations of our ambition: **to make sustainable mobility accessible to all**.

RENAULT. DRIVE THE CHANGE.

**TRAVEL IN COMFORT,
ADAPT THE SPACE ACCORDING
TO YOUR NEEDS, USE LESS FUEL,
THE NEW TRAFIC...**

**AN INVITATION TO TRAVEL
YOU CAN'T REFUSE.**

TRAFIC GENERATION

NOW DEPARTING.

FRIENDLINESS
REINVENTED

The modern and dynamic style of the Traffic Generation paves the way to a new lifestyle: your own. Its spacious and ingeniously adaptable interior invites you to get away. A table, a bench bed, swivelling seats, climate control... you're off wherever the impulse takes you. The space, modularity and comfort give you a unique sense of freedom that 7 people can enjoy in driving configuration. With the New Traffic Generation, live your passion.

TRAFIC PASSENGER

1, 2... OR 9, TRAVEL TOGETHER.

TRAFIC PASSENGER AUTHENTIQUE AND EXPRESSION

GROUP SPIRIT

With space for up to 9 sportsmen, musicians or young people on holiday... plus all their luggage... Traffic Passenger Authentique and Expression make room for your passions: up to 3,400 L with astounding modularity. On-board equipment and atmosphere worthy of a minivan: stylish finishes, climate control, comfortable seats, multiple storage solutions, third-generation multimedia and navigation devices... Everything you need for group journeys and unforgettable memories.

THE ART OF TRAVEL

The New Traffic optimises your comfort with its complete range of new equipment. Save time on your journeys thanks to the reliability of the Carminat TomTom® navigation system. Organise your cab space: there is a storage compartment for the navigation remote control, the new A4 compartment on the dashboard holds your documents and storage on the centre fascia makes the most of the available space. The climate control ensures a pleasant cab environment. A cruise control/speed limiter manages your fuel consumption. The new radio range offers Bluetooth® technology and connectivity to your mobile devices*.

N.B.: increase pleasure with the leather steering wheel option.

*With the Plug&Music system.

TRAFIC PASSENGER PRIVILEGE

The New Traffic Passenger Privilège offers companies the most modern, rewarding and high-performance alternative for transporting their employees and partners... Stylish with its body-coloured bumper and Ixtar* alloy rims, comfortable with its velour upholstery and its well laid out friendly space, it gives its passengers and the driver attention worthy of a prestige vehicle: well designed dashboard with satin chrome inserts, climate control, CD mp3 radio and Bluetooth® telephone system. Wherever you are going, travel in style, comfort and safety.

* Available as an option

VERY IMPORTANT PASSENGERS

DRIVE THE CHANGE

Through its respect for the environment, the New Trafic develops an essential form of modernity and comfort. Its engine uses the latest technological advances to reduce emissions as low as 195 g of CO₂ per km. Built in an ISO 14001 certified plant, the New Trafic includes over 11% recycled plastic and 95% of its mass will be recovered at the end of its service life. The New Trafic has the Renault eco² label through which Renault shows its commitment throughout the life cycle of the vehicle. A distinction that has to be earned.

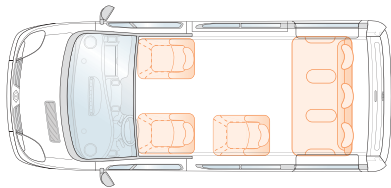

SAFETY ON A LARGE SCALE

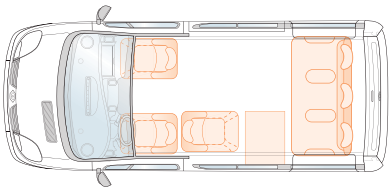

In terms of safety, the New Trafic always goes one step further. Today, a speed limiter/cruise control has been added to its range of safety features. For perfect ergonomics, it is activated from the dashboard. The adjustment controls are accessible on the steering wheel. Preventing danger on a daily basis is the first link in the safety chain using the most innovative systems such as the rain-sensitive windscreen wipers or the headlamps with light sensors. In tricky situations, the New Trafic helps you keep control: ABS braking combined with EBV brake force distribution and emergency brake assist, and ESP dynamic driving control to maintain the trajectory. Last but not least, to protect the driver and passengers, up to 8 airbags can be deployed depending on the version. In addition to the high-tech protective seatbelts, an Isofix attachment secures the positioning of child seats.

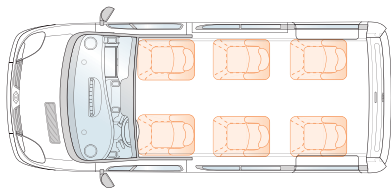

GENERATION CONFIGURATIONS

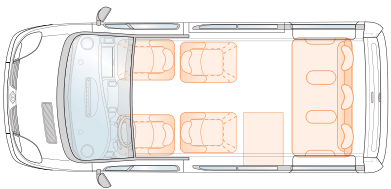

- 6-seat road configuration**
- Standard
 - 3-seat rear bench seat pulled back
 - Individual swivelling seat with armrests facing the road
 - A generous 500 L minimum under-shelf boot, adjustable by sliding the bench seat

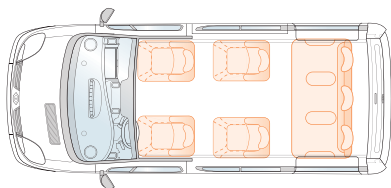

- 6-seat small living area configuration (vehicle stopped)**
- With 1 individual swivelling seat facing to the rear (standard)
 - Sliding side table in position
 - Rear bench seat pulled back
 - Provides an ideal small living area to share meals with friends or family. The space next to the individual seat can be used for the coolbox/warmer available as an option

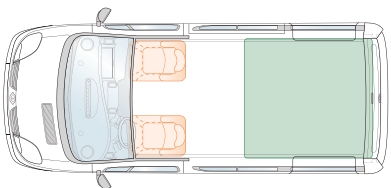

- Large Comfort Configuration with 6 individual seats**
- With optional 2 individual seats in 2nd rear row instead of a 3-seat bench seat
 - 2 individual swivelling, sliding seats with armrests facing the road
 - Spacious and adjustable boot

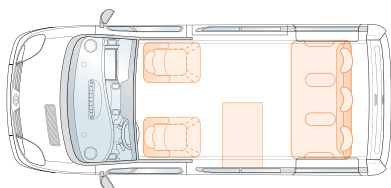

- 7-seat small living area configuration (vehicle stopped)**
- With individual swivelling seats facing to the rear (available as an option)
 - Sliding side table in position
 - 3-seat rear bench pulled back
 - A living area to make breaks during a trip more pleasant

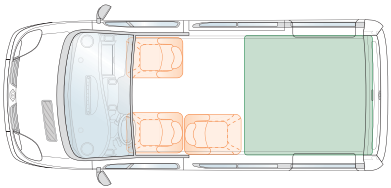

- 7-seat road configuration**
- With option of 1 additional individual seat
 - 3-seat rear bench seat pulled back
 - Individual swivelling seats with armrests facing the road
 - A generous 500 L minimum under-shelf boot, adjustable by sliding the bench seat

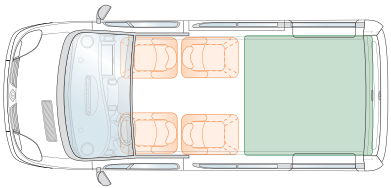

- Configuration with bed and bed extension in position**
- Provides a perfectly flat bed 1.8 m long with special foam that will comfortably sleep 2 adults and one child.

- 5-seat large living area configuration (vehicle stopped)**
- Remove the seat in the 2nd row
 - Sliding side table in position
 - Rear bench seat pulled back
 - Swivelling driver and passenger seats facing to the rear

- Version with 1 rear seat as standard.

- Version with 1 rear seat as standard and 1 additional seat available as an option.

GENERATION VERSION

GENERATION

With "Digital" two-tone nutmeg-marine upholstery (1), Solane hubcaps, fog lamps, front and rear air-conditioning...

The "Comfort" fabric (2) and "Alyum" leather (3) upholsteries are available as an option. The Trafic Generation has all the right equipment for your well-being.

Note: dashboard shown with Carminat TomTom® option

PASSENGER AUTHENTIQUE AND EXPRESSION CONFIGURATIONS

9-seat configuration

Individual driver seat and 2-seat fixed front passenger bench seat: standard on Authentique, optional on Expression

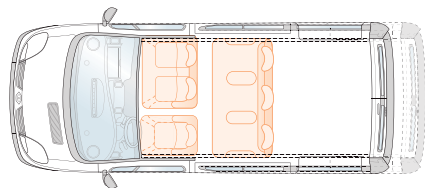

- Tri-function 3rd row bench: collapsible, reclining and removable without tools
- 1.2 m³ of space under roof panel in version L1, 2.2 m³ in version L2

8-seat configuration

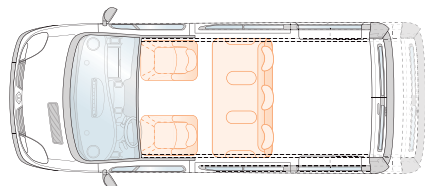

On Authentique, with optional individual passenger seat

- Standard on Expression: individual driver and passenger seats with reinforced side support, height and lumbar adjustment, armrest
- Boot under luggage space cover (standard on Expression, optional on Authentique): 700 L in version L1, 1,100 L in version L2

6-seat configuration

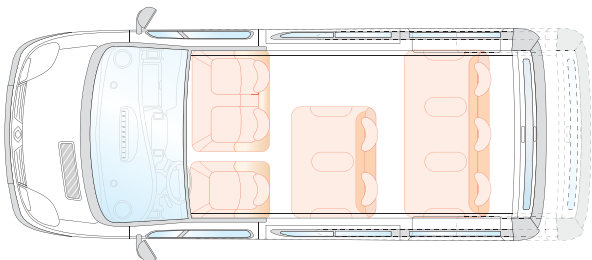

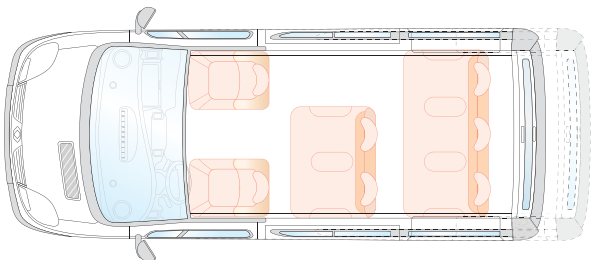

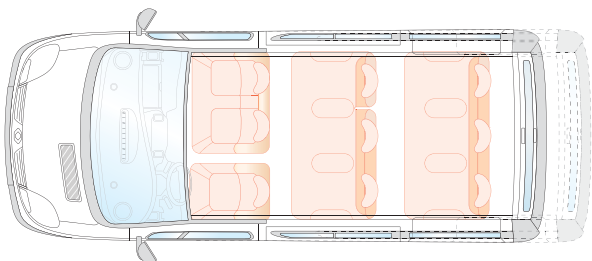

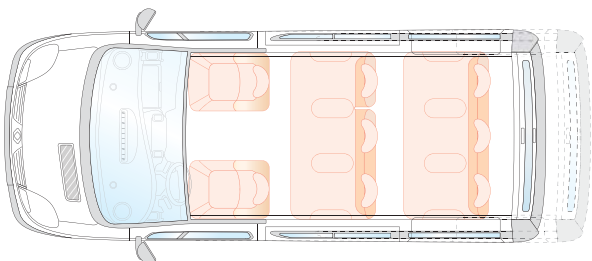

- With fixed front passenger bench seat (standard on Authentique, optional on Expression) and reduced option without 3rd row rear bench seat
- Full or partially glazed version (3rd row rear metal panels)
- Tri-function 2nd row bench: collapsible, reclining and removable without tools
- 3 m³ of effective volume in version L1, 4 m³ in version L2

5-seat configuration

- With individual passenger seat (optional on Authentique)
- With driver and passenger seat (standard on Expression)
- Reduced option without 3rd row bench seat
- Partially glazed version (3rd row rear metal panels), available in L1 or L2

PASSENGER PRIVILÈGE CONFIGURATION

7/8 and 9-seat configuration

- Optional 2nd row 3-seat “Comfort” bench seat; access to 3rd row made easier by the folding seat back on the sliding door side
- With fixed front passenger bench seat available as an option
- 700 L boot under luggage space cover on L1, 1,100 L on L2
- Tri-function 3rd row “Comfort” bench seat: collapsible, reclining and removable on L1 and reclining on L2

PASSENGER VERSIONS

AUTHENTIQUE
With the "Galatone" upholstery (1), the Trafic Passenger Authentique has power steering, ABS and Emergency Brake Assist as standard...

EXPRESSION

The Trafic Passenger Expression has "Elba" grey (2) or "Elba" blue (3) upholstery as standard, manual air-conditioning and a 4x20W radio and, for everyone's comfort, the driver and passenger seats are height-adjustable.

PASSENGER PRIVILÈGE
For even more comfort, the Privilège version has a "top-of-the-range" dashboard, fog lamps, rear air-conditioning and "Milagro" charcoal velour upholstery (4).

** Integral body colour pack: front bumper and bumper moulding, side protection, upper and lower rear bumper, rear foot panel, rear headlamp surrounds and mirror shells.

EQUIPMENT

GENERATION

1. REFRIGERATOR AND WARMER

For keeping food and drinks cool or warm. Fastened to original rails.

2. COMPARTMENT UNDER THE BENCH SEAT

60 L for storing everything you need for your journey.

3. CARPETED DRAWER UNDER INDIVIDUAL REAR SEAT

Up to 8 L for storing CDs, books, toys, road maps, etc.

4. INDIVIDUAL REAR SEAT

Swivelling, with backrest that reclines to form a shelf, including armrests and Isofix attachments.

5. BED

The rear bench seat and bed extension convert, in one simple movement, into a large bed that sleeps 2 adults and 1 child. Its original and unique design provides a fully flat surface with a special foam for the utmost comfort.

6. REMOVABLE WASTE BIN

4 L bin in the left-hand sidewall and drinks holders integrated into the trim.

7. STATIONARY HEATING

Programmable with independent heater unit (available as an option), can run all night (without the engine needing to be on), thus maintaining a constant heat throughout the passenger compartment.

8. SIDE TABLE

The deployment kinematics, assisted by a cylinder, enables a particularly easy upward movement. It has no legs or frame and therefore does not get in the way of passengers' legs. It slides sideways to adapt to all interior configurations.

9. NIGHT PACK

8 curtains, attached to each window by powerful suction cups, provide complete darkness and thermal insulation to guarantee occupant privacy and comfort. They are strong, demisting, allergen-free and highly functional and can be stowed in the compartment under the bench seat after use.

10. ACCESS TO THE 3rd ROW

Optimum in standard configuration (7 seats). In 8-seat configuration, the backrest of the 3rd side seat tilts to give easy access to the 3rd row through the side door.

PASSENGER AUTHENTIQUE AND EXPRESSION

1. SLIDING SIDE DOORS

They make getting into the vehicle quick and easy in all situations.

2. FRONT DOOR MAP COMPARTMENT

Can hold a 2 litre bottle and a planner.

3. GLOVE BOX

Spacious, it can hold a 1.5 litre bottle. A practical glasses holder is integrated into the door. It is lit and cooled (with air-conditioning option).

4. BOOT WITH LUGGAGE RESTRAINING NET

2,150 L effective volume under the roof panel on the L2 version! The luggage restraining net protects passengers from dislodged packages in the event of sudden braking.

5. RECLINING BACKREST AND COLLAPSIBLE BENCH SEAT

On the last row of the Passenger, the backrest can be folded back and/or collapsed to quickly give a large loading area: 2,500 L available in the Passenger L1H1, and always up to 6 seats.

6. REMOVABLE BENCH SEAT

The last row of the Passenger can be easily removed to create up to 4 m³ effective volume.

PASSENGER PRIVILÈGE

7. RETRACTABLE LUGGAGE SPACE COVER

700 L boot under the luggage space cover. Practical and safe, it keeps your load out of sight.

8. SEPARATE REAR HEAT CONTROLS

Heating capacity dedicated to rear, pulsed air distribution and rear vent control.

9. REAR BENCH SEAT COVERS

Including ski rack in the last row.

COMFORT

1. BLUETOOTH® CD MP3 RADIO*

Reads mp3 files and its functionality also enables the hands-free kit to be connected so you can be contacted at any time.

* It is recommended that you pull over to make calls.

2. CD MP3 RADIO

Your information remains accessible on a display positioned above the radio

Your mobile devices can be connected via an RCA socket.

3. PLUG&MUSIC CONNECTION

Hook up your digital, personal music player using the USB and iPod sockets and manage the system through steering wheel controls.

4. CARMINAT TOMTOM®

With best routes, real time traffic information and speed camera warnings, everything is displayed in a user-friendly manner on a large colour screen. This equipment saves time and reduces your fuel consumption. European maps available as an option.

5. ON-BOARD COMPUTER

Indicates the journey parameters (distance travelled, average speed, total, average and current fuel consumption and range forecast).

6. POWER STEERING

The steering wheel is reach-adjustable.

7. LEATHER STEERING WHEEL

8. HEATED FRONT SEATS

Only the driver's seat is heated if there is a 2-seat passenger bench seat.

9. TRAILER COUPLING

Make the most of the Trafic's outstanding traction capacities up to 2t for a braked trailer!

10-11. FRONT AND REAR CLIMATE CONTROL

Adjustment to ideal temperature, electronic display and rapid demisting.

SAFETY

- 1. ADAPTIVE ESP DYNAMIC DRIVING CONTROL**

With ASR anti-skid and engine torque control. Detects the load level to adjust its activation threshold and improve the effectiveness of trajectory corrections.
- 2. ABS WITH EMERGENCY BRAKE ASSIST.**

Anti-lock brake system with EBV electronic brake distribution and Emergency Brake Assist.
- 3. PASSENGER AIRBAG DEACTIVATION**

So that a child seat can be installed in the front (according to regulations).
- 4. AUTOMATIC LOCKING OF DOORS WHEN DRIVING**

For increased safety, exterior doors lock automatically when speed exceeds 8 kph.
- 5. AIRBAG PROVISION**

Up to 8 airbags: driver airbag, large passenger airbag, side chest-level airbags and curtain airbags in the front, rear curtain airbags on the Passenger.
- 7. REAR PARKING SENSOR**

The beep gets faster as the vehicle gets closer to obstacles to make reverse parking easier and safer. The function can be deactivated from the dashboard so a trailer can be towed.
- 8. CRUISE CONTROL/SPEED LIMITER**

The driver maintains control over acceleration, deceleration and braking when below the selected speed. In the event of emergency acceleration, the "kick-down" system enables an override.
- 9. ADDITIONAL FOG LAMPS**

Improve visibility in the event of fog or rain.

ACCESSORIES

1. INTEGRATED ROOF RAILS

These steel rails can take a load of 50 kg per rail (i.e. 150 kg for three rails). Sold individually.

2. TINTED FILMS

This complete kit with 3 shaded tints combines aesthetics, comfort and safety. It provides privacy, reduces consumption of energy intended for thermal comfort, reduces heat and glare and improves the impact-resistance of the windows.

3. SCHUSS SKI RACK

Fitted to the roof bars, the Schuss ski rack lets you transport up to six pairs of skis depending on the model.

4. BIKE RACK

With the Euroway towbar, you can transport up to three bikes.

5-6. SNOW CHAINS

Several types of chain are now available for driving on frozen or snow-covered ground. An alternative to traditional chains, the "Trendy" anti-skid fabric socks are easy to fit in just a few seconds.

7. FRONT AND REAR MUD FLAPS

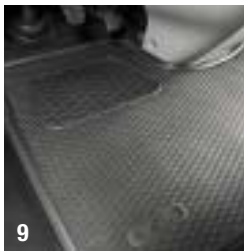

The mud flaps provide the underbody with effective protection against mud and gravel thrown up from the road.

8-9. RENAULT MATS

Made-to-measure, they protect the floor of your Trafic from wear and moisture. The textile version gives excellent protection and substantial comfort while the flat "Novestra" rubber mat is designed for more intensive use.

10. RDSO TOWBAR

To preserve the appearance of your Trafic, the RDSO tow ball can be removed without tools in just a few seconds. Designed for intensive use, it provides a high level of safety.

11. HIPSOS BOOSTER SEAT (3-10 YEARS)

Fits in the back of the vehicle. The seat can be easily fitted in the vehicle with its seatbelt tensioner system by simply tilting the seat.

12. REAR PARKING DISTANCE CONTROL

This system makes reversing manoeuvres easier. Its four sensors guarantee full detection of obstacles which may be in the vehicle's way.

13. ALARM

The alarm is the essential accessory to ensure the security of your Renault. It effectively reduces the risk of theft of the vehicle, accessories (radio, navigation system, video, etc.) and any belongings inside the vehicle.

14. TAKARA DIV107R MOBILE DVD PLAYER

7" monitor (16/9) 17.7 cm, extra flat, rotating screen. MPEG4/CD Audio/CDR/CDRW/MP3 compatible. USB socket and SD card reader. Parental control. Audio-Video output

15. SONY CDX-GT29 RADIO

SONY CD radio with a line out in the fascia for connecting any source of music in MP3 and WMA format. This model is compatible with the original steering wheel controls.

16. TOMTOM® XL LIVE IQ ROUTES - EUROPE

Constantly receive useful and relevant information on your route to save time, money and fuel. You are connected to real-time information.

17. PARROT MKI 9200 BLUETOOTH® HANDS-FREE KIT*

The unique Bluetooth hands-free kit combines the latest communication technologies with a range of music-related functions. It also offers voice synthesis and recognition without prior teach-in.

* It is recommended that you pull over to make calls.

Engines

———— Power
- - - - - Torque

2.0 dCi 90

Perfect around town, it has a torque of 240 Nm without DPF and 260 Nm with DPF.

2.0 dCi 115

With a maximum torque of 290 Nm without DPF and 300 Nm with DPF, it gives an excellent performance/consumption ratio. Renault's 2.0 dCi engine enables the Trafic to benefit from the very best diesel technology. It is environmentally friendly, quiet, flexible and lively at all speeds, fuel efficient and reliable.

2.5 dCi 150

320 Nm from 1,500rpm thanks to the variable geometry turbo. Torque and power provide remarkable driving pleasure, even at full load. Can be fitted with a diesel particulate filter.

2.0 16V 120

The multivalve technology in the Trafic petrol engine provides flexibility, driving pleasure and complies with Euro 4 standard. The standard 6-speed gearbox contributes to user comfort and fuel consumption control.

6-SPEED QUICKSHIFT
AUTOMATIC ROBOTISED
GEARBOX

Whether you choose the fully automatic or tiptronic mode, it combines the best of automatic technology, comfort and safety with classic clutch action.

RENAULT IS COMMITTED TO MAKING MOBILITY A RIGHT FOR ALL.

We are convinced that Man should not have to adapt to the car, the car must adapt to Man, with technologies for all and ever more practicality and accessibility.

This conviction has driven us to create Renault TECH, an entity that designs, produces and sells converted vehicles and offers associated services. Renault TECH meets the mobility requirements of professionals and disabled drivers, in compliance with RENAULT group quality standards.

By now offering a complete range of vehicles adapted to the special requirements of their occupants, Renault TECH proves the brand's desire to design vehicles suited to the needs of users and their families.

In a world of diversity, we keep an open mind, with a single ambition: to make the car accessible to all.

**RENAULT
TECH**

WHO BETTER THAN RENAULT TO SERVICE YOUR RENAULT?

WARRANTIES

Every new Renault is covered by a two-year, unlimited mileage **Diamond Warranty** (including free repairs and assistance). Your vehicle has **extended warranties** against paint defects and corrosion of 3 and 12 years respectively*.

Renault also ensures that your usage and insurance costs are reduced with models that can be repaired for less and benefit from excellent protection against theft and break-ins (excellent "Danner" and "Thatcham" test results).

* Except the Master range: 8-year anti-corrosion warranty.

FINANCE OPTIONS

Renault provides a wide variety of ways to purchase a new car through its subsidiary, **DIAC. Renault New Deal** offers you the simplicity of an "all-inclusive" package which includes finance, warranty, maintenance and trade-in at end of the contract.

SERVICE CONTRACTS

For even greater peace of mind, Renault offers to extend the original warranty and breakdown assistance services. The **Diamond Contract** extends the warranty to 5 years or 100,000km and includes a parts and labour warranty, 24/7 breakdown cover and replacement vehicle in the event your vehicle cannot be driven.

The **Maintenance Contract** frees you of all maintenance and repair restrictions for 4 years or up to 120,000km through additional services adapted to your profile, such as paying the cost of maintenance and normal wear and tear.

The **Renault Confidence Pack** frees you of any worries for 3 years or 80,000km. It combines a maintenance contract with a replacement vehicle in the event of breakdown or for servicing, the financing of your vehicle and its trade-in at the end of three years. Control your budget and stay mobile with the simple monthly payment plan.

RENAULT ASSISTANCE

For roadside breakdown repair or towing to the nearest workshop, the **Renault Assistance** network is available to you 24 hours a day, 7 days a week on the Azur number **08 10 05 15 15**.

RENAULT NETWORK SERVICES

No-one is better placed than Renault to maintain, equip and repair your Renault. The **Renault Minute** (maintenance without pre-booking) and **Renault Minute Bodywork** (work on paint, lights, windscreen, bodywork, etc.) services provide the best maintenance quality with a 1 year warranty on repairs carried out and use of Renault genuine spare parts. These are manufactured to the same quality as when the car was first manufactured so enable you to preserve the original value of your Renault.

And for short-term rentals, Renault Rent has a whole range of cars and light commercial vehicles for you to choose from.

To customise your vehicle, choose from the wide range of durable, high-tech **Renault accessories**. And for financing you can control, the **"Payment Plan"** lets you pay in several instalments or monthly.

CUSTOMER RELATIONS DEPARTMENT

We have established effective ways to keep in touch with you:

- **Telephone: 008 008 Renault** (008 008 736 2858)
Monday to Friday 8:00 to 19:00, Saturday 8:00 to 12:30,
free call depending on your operator's conditions,

- Website: **www.renault.fr**,
- Post: **Renault, Customer Relations Department,
92109 Boulogne-Billancourt Cedex France.**

How does the cruise control work? A particular air-conditioning or navigation system?
